WHERE IS CHECK-IN?
All main campus residents will check in via a drive-up process hosted in the R Lot at Central and Girard (yellow area on map). Please note that the entrance at Princeton and Central will be closed. Visitors will enter campus at Stanford and Central and proceed east via Redondo South. Please review the map and plan to approach the check-in process from Redondo South to the check-in area indicated in yellow on our map.

Residents of Lobo Rainforest will need to check in at the building, which is off main campus. The location for Lobo Rainforest check-in will be held at 101 Broadway Blvd NE.

WHAT TO EXPECT WHEN CHECKING IN
The check-in process will involve a few additional steps including the issuing of your room keys for your hall. We will also need to confirm you have the most recent LoboCard. This may require an extra visit to another check-in station. We appreciate your patience during our peak check-in times!

- STEPS TO CHECK-IN:**
- CONFIRM LOBOCARD
 - GET YOUR ROOM KEY
 - MOVE-IN
 - MAKE FRIENDS!

PARKING DURING MOVE-IN
Before you start to move in, you must first check-in at the drive-thru check-in station. An access pass to the unloading zones will be provided to you when you complete your check-in (see map). Once you have your access pass, move your car or have your helpers meet you at your designated zone. You will show the access pass while parked in your designated zone. Please only use the unloading zones for your building to drop off your belongings. Please park briefly, unload your items and then move your car to a residential parking area before you unpack your room.

WHAT IS
LOBO RECLAIM?

Lobo Reclaim gives students the opportunity to buy gently used items at a huge discount instead of buying new. It keeps items with more life to live out of the trash and landfills. So don't go out and buy new hangers or a shower caddy, buy from Lobo Reclaim and help the environment and your on-campus community.
